DETAILED ACTION

Allowable Subject Matter

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In respect to claims 1-9, the prior art of Kito et al. differs from the method of claim one in that the growth pressure is established during the growth phase. The present application in the independent claim 1 establishes the growth pressure before the growth temperature of the growth phase, which is higher than the intermediate temperature of the starting phase, is reached and in the starting phase.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. Applicant's arguments, see page 3 (2nd paragraph) to page 4 (top paragraph) and page 5 2nd paragraph), filed 1/12/2004, with respect to claims 1-9 have been fully considered and are persuasive. The rejection of claims 1-9 has been withdrawn for the reasons given above.
